

DIG DEEPER
WEEK 4

CHILDREN'S BIBLE CLUBS: THE NUMBERS

Research shows that most people in the United States who follow Jesus do so because of something that impacted them when they were between the ages of 4 and 14. Our experience shows that the numbers are comparable in India. And this year, 22 million kids in India will turn 15. This is why we want to tell as many of them as possible about Jesus, right away!

Right now, we have **5.3 million kids on our waiting list**. With enough funding, these kids could hear about Jesus at a Children's Bible Club!

This is a big number, but we know it can be done.

In 2017, Children's Bible Clubs reached **5,268,411 kids**, and **2,587,169 of them became disciples**.

As a result of Children's Bible Clubs, **3,646 new worshipping groups** were planted, which means new Christians can continue to grow in their faith, even after Bible Clubs conclude for the year!

To make all of this possible, **106,000 Bible Club leaders** like Anjoli were trained last year.

Kids from all kinds of backgrounds can be reached through Children's Bible Clubs! Many languages are spoken in India, so Bible Club lessons are available in **21 languages**. Kids of all ages are welcome, especially since lesson materials are available at **5 different age levels!**

Together, we can reach the 5.3 million kids on our waiting list through Children's Bible Clubs. We trust God as we work to see our vision fulfilled, *to see India transformed by the love of Christ!*
