

## When a Business Mindset Meets Kingdom Impact

### What will your impact story tell?

Take your business mindset and start dreaming about the Kingdom impact you can have. Use your business acumen to seek out opportunities to plan for future impact and invest wisely.

### What would you like your impact story to tell?

I would like to see \_\_\_\_\_ make a decision for Jesus.

I would like to help \_\_\_\_\_ actively participate in teaching, planting churches, and telling others about Jesus.

Through my contributions, I would like to be the catalyst for \_\_\_\_\_ people being removed from the waiting list and actively enrolled in a training program.
